OUR MANAGEMENT COMPANY SINCE 2003

Villa Stevina and Villa Citron are just two of our 30 plus management properties.

We now have a wide selection of villas and T1/T2/T3 Holiday Apartments.

In January 2014 Fred Lloyd, Doreen's husband, joined our team and he will be responsible for marketing and help taking the company forward.

Late 2014 Marisa joined our staff and she's helping Fred in the main office. Her main duties being marketing, Tourism and Meeting and Greeting Holiday Guest.

Doreen and her Maids will be working from our in house laundry. They will be responsible for checking all laundry, preparing and cleaning all holiday and private properties. This has been a great advantage to Lloyds.

2012 was the start of our laundry. Now we have full control over our owner's laundry. This way we will be sure that everything will be ready on time for guests and owners visits. We also noticed how much cleaner and fresher our laundry was.

Photos of our staff should be on our web page by 2015.
